Sugar Leads the Advance in Spite of Private News from Washington.

RATE OF DISCOUNT CUT.

This Action by the Governors of the Bank of England Helps the Advance.

TALKING OF GOLD EXPORTS.

Increase of Imports to Escape Dingley Duties and Decrease of Exports Causes the Expectation of This.

Wall Street, Thursday, April 8. An extensive covering movement im-parted a strong tone to the stock market movement by the reduction of ½ per cent in the rate of discount by the Bank of England. Several of the more important bear operators were heavy buyers throughout the day, and the stocks in which there was the greatest short interest showed

the greatest gains.
Sugar led with an advance of 242 per cent, though curiously enough, private ad-rices from Washington were to the effect the Senate sub-Committee has turned a deaf car to all demands for in-

Jersey Cen', ral. Burlington, Chicago Gas, United States Leather preferred and Western Union which have received particular attention from the bears recently, all made gains of over 1 per cent. The presage of success for the local gas companies in their fight against \$1 gas at Albany caused a further gain of 2½ per cent in

The reduction of the Bank of England rate of discount conveyed the impression that the governors of the bank had no fears of any warlike complications. London, however, did not reflect any buoyant feeling, as selling orders came from that quar The sales of stocks were insignificant but bonds were sold in some volume 1 foreigners, preventing any marked action

"Gabby" Is a Bigger Lobster Than Even "Fitzsimmons."

ABBY," the greatest lobster up to date, which was caught on a common codfish trawl off Sandy Hook a few days ago, was safely transferred to quarters in the Aquarium yesterday. Up to 4 o'clock, when the wagon came to carry him to his new home, the big lobster sprawled over the top of a diningroom table in Monsleur Cabassud's restaurant and cafe, No. 31 Broadway. "Cabby," by the way, is the name by which M. Cabassud's intimates address him. He got rid of the so-

briquet yesterday by conferring it upon the lobster. The big lobster, which is a trifle bigger than his great companion at the Aquarium, "Fitzsimmons," will occupy a big tank all by himself. Professor Spencer will have charge of him. The professor says the big lobster

that the Standard Oil Company had bought outright the interest of the Cudahys, the Western oil magnates, and another that the big concern had gobbled up the Nohe: Brothers' Russian interests. What seemed, after a deal of investigation, to be the true situation in regard to the latest deals in oil is that a gigantic consolidation of the oil interests of the world has been brought about by the Standard Oil neonle.

oil interests of the world has been brought about by the Standard Oil people.

This is the way the scheme was explained: After prolonged negotiations with the Russian magnates, Nobel Brothers, who control the Black Sen output of oil, the Standard Oll Company induced the Russian

to become a factor in a three-cordered plan to divide the world's supply.

Cudnhy's Hold Back.

The Standard Oll Company and Cudahy Brothers of the West, who are the Standard Oil Company's greatest rivals, com-pleted the membership in the triangular deal. Nobel Brothers consented to "come in" if Cudahy Brothers could be induced to join. With this understanding the Standard Oil Company made overture to their Western rival with the result stil
